It was founded three hundred years ago in the mouth of the Hudson River. The centre of New York is Manhattan Island. In 1626 it was bought from the Indians for twenty-four dollars. Today Manhattan is the centre of business and commercial life of the country. There are many skyscrapers, banks and offices of American businessmen in Manhattan. Broadway begins here; the Stock Exchange is located here. Not many people live in Manhattan, although the majority works here. Numerous bridges link Manhattan Island with the other parts of New York. People from almost all parts of the world live in New York. It is even called "Modern Babylon". A lot of immigrants came to the USA from different countries at the beginning of the 20th century. They entered the USA through New York - the Gateway of America. New York is one of the leading manufacturing cities in the world. The most important branches of industry are those producing paper products, vehicles, glass, chemicals, and machinery. The city traffic is very busy.
